Collection Name

HALCYON COLLECTION

"I wish to approach truth as closely as is possible, and therefore I abstract everything until I arrive at the fundamental quality of objects." — Piet Mondrian
Mondrian's Pier and Ocean series describes a gradual abstraction of a waterfront scene, simplifying oblique and indistinct details into parallel, rhythmic lines, which describe the pulse of the ocean. Our Mondrian family is heavily influenced by this astute observation of the underlying patterns in nature and the unending movement of water, drawing on these qualities of order and balance to create these sculpted pieces. This design is available in a mirrored pair.
