Tourbillion Wall Light

WL58

Collection Name

HALCYON COLLECTION

These dynamic lights are fashioned in the image of a whirling vortex. The dancing waves depicted by the handbeaten rings in this majestic design sway from side to side like oscillating tide lines, seeming to waltz around the slim, silk lampshades suspended in their grasp. The ability to select any of our 280+ silk fabrics allows each piece to be customised.

Required modifications for use on yachts - lacquer applied to all metal components.
